Tuition: \$50

An exciting opportunity for young filmmakers and their friends to learn filmmaking tools in a casual, creative environment. Open Studio is designed as a flexible workshop and attendance is always optional. Students have the opportunity to explore storytelling, develop and refine camera skills, learn editing, and develop a personal project while meeting and working with other student filmmakers. It is a great place to work on independent study projects and college portfolios. Students work at their own speed with the support of Light House mentors and other students. Equipment provided. Drop in anytime!
